Tap-Ups & Chip Shots...

As I write this the Olympics are winding down and will be all done when you are reading this Gazette. The Canadian curling girls just won over the Swiss and will hopefully conclude with a gold medal against the Swedes. The Rossmere curling season is coming to a close, and as sad as our curlers are, Rossmere golfers are just as excited for the upcoming golf season. Overall the curling season has gone well. Ice Maker Garth Reimer and his Squad have worked hard and delivered great ice to Rossmere's seventeen leagues. Curling League Executives are in the process of finalizing windup details with the final day of curling scheduled for...you guessed it...April Fool's Day!

The Rossmere Men's Curling League will be hosting the Second Annual Gentlemen's Dinner on April 7th (see page 1) with proceeds to go towards our curling operation. Thanks to Tom Jackson and his committee for their work on this endeavour. This event was a huge success last year and promises a great time again in oh-ten!

Right now we are recruiting members and F&B staff for the '10 golf season. Please have potential members call 988-1533 and potential F&B staff members may email Dean at dduff@rossmere.ca.

If you recall, last fall's CARF project was the renovation of tee#12 and green#13. These areas will re-open early in the 2010 season. The exact date will be determined once we know the type of spring weather Mother Nature will send our way. If you missed it last fall, photos of these renovations are available at www.rossmere.ca, just "double-click" on "Gallery" under the "NEWS" drop-down menu.

A Sincere Farewell...

For those of you who have not heard I will be leaving Rossmere and Winnipeg later in March. I will be heading to Kingston, Ontario to be the General Manager of the Kingston Yacht Club. This opportunity will bring me within an hour of many family members, somewhere that I haven't been for too many years.

Please know that Dorinda and I have enjoyed our time at Rossmere, and living in Winnipeg has been a great experience. Although the move had some challenges at the start, in the end we really felt at home here and thank everyone for that. As strange as this may sound, I actually enjoyed the winters here...Dorinda, not so much.

I believe Rossmere is in a good place these days. The club has a dedicated Board of Directors and a knowledgeable hard-working staff, not to mention a membership that enjoys the club every chance they get. Please remember a club like Rossmere needs to improve its facilities every year, to stand idle will lead to mediocrity which, in turn, will lead to smaller membership numbers. Member-owned clubs like Rossmere were founded so that people could come and have great memorable times, but, we must leave these clubs better than we found them...don't ever forget that!

In closing, I thank everyone I worked with at Rossmere, too many great ones to name them all here. I thank you all for your hard-work during my tenure as Rossmere's General Manager. I am confident you will continue this tradition into the future.

Take care,

Glenn
